## About the Speaker

**Dr. Atul Dhir, MBBS, D.Phil**, is a physician, scientist, entrepreneur and a recognised leader in value-based care with more than 30 years of experience in leading innovative healthcare companies. He currently serves as the CEO of Principia Health LLC and as an Advisor to PE companies, Startup CEOs and Medical School. He has held prominent leadership positions such as CEO of PatientsLikeMe, Chairman/CEO of New Century Health, and CEO of BiPar Sciences at Sanofi and President of US Oncology (now McKesson Specialty). He has led organisations across the full healthcare spectrum, including physician-led cancer care clinics, payer services, biotech, and digital health, giving him a uniquely integrative perspective on how clinical practice, economics, and innovation converge. He is recognised for building one of the nation's leading platforms for speciality, evidence-driven care during his tenure at US Oncology (McKesson Speciality Health) and later as the CEO/Chairman of New Century Health (now Evolent). In his current role, Dr. Dhir mentors and advises entrepreneurs and Physician leaders. His approach to leadership is informed by his lifelong passion for combining the heart of Medicine with the entrepreneurial mindset to solve the complex and urgent challenges of healthcare.

Dr. Atul Dhir received his medical training from AIIMS, New Delhi and his doctorate from Oxford, where he studied as a Rhodes Scholar. He, currently lives in Boston, USA.
